

NAKS Electric Induction Range

Models:

IR-3000 – 500W – 3000W, 140F – 460F, 208V~60Hz

Induction Benefits:

- Energy Efficient
- Fast Heat
- Precise Cooking
- Easy To Clean
- No Pan, No Heat.
- Cool Operations
- Boil Dry Protection

Standard Features:

- Compact table top design with stainless steel body and high impact ceramic glass top
- Easy to see top panel temperature display
- Dial control knob offering fast and precise cooking.
- Integral cooling fan keeps electronics cool, discharging from rear with protective air deflectors preventing hot exhaust to be pulled back into unit
- 5' cord and plug supplied (60 Hertz only)
- “Flat Design”, compact high performance electronics allow for low unit heights
- Instant energy transmission to the pan
- Thermostatically controlled overheat sensor shuts the unit off to prevent damage from pans cooking dry
- Induction technology transfers heat to the pan, not to the surrounding air, allowing for cool operation
- Innovating technology for pan detection
- Electronic output limitation continually monitors the energy transfer to the pan, helping to ensure the most efficient energy transfer possible
- One Year Limited Warranty

Specifications:

NAKS Induction Model IR-3000 with a total kW rating of 3.0 kW. Built with a robust stainless steel casting with ceran glass ceramic work top. Compact powerful electronic system for years of reliable service. Overheat sensors to help prevent damage to unit if pan runs dry. Easy to operate system with rotary knob.

Note: Induction cooking requires “Induction Ready” pans to operate.

ETL listed in compliance with
UL 197, 10th Ed., Rev. Sep 17, 2014
Complies with FCC Part 18, NSF4: 2016

Plug Configurations		
Model	Electrical Characteristics	Plug
IR-3000	208V~/60Hz	 NEMA 6-20P

Electrical Loading		
Model	Watts	208/60/1
IR-3000	3000	15amp
