Baffle Profile

High efficiency, low volume baffle grease filter for commercial kitchen exhaust canopy hoods

**Specifically designed for commercial cooking hoods**

- Superior grease impingement of even smallest grease particles
- Stainless steel construction for durability, corrosion resistance
- Self-balancing air flow throughout the entire length of the hood
- Low static pressure ensures quiet operation
- Smooth surfaces permit constant grease run-off into hood collection trough
- Bright stainless finish is aesthetically pleasing, ideal for front of house installations
- Safe, dependable flame barrier protection
- Bail handles standard for easy installation, removal
- Locking handles available as option
- Bottom hook optional
